

# Best Poster Presentation Award

ICSMA20, 2025.06.05, Kyoto, Japan

**Congratulations!!**

**Florian Tropper**

Poster No. 13 Temperature Dependence of Incipient Plasticity in Tungsten

**Jyoti Ranjan Sahoo**

Poster No. 15 Comprehending the formability-natural aging stability time paradox in Al-Mg-Si alloys and developing mitigating pathways

**Kosho Horiguchi**

Poster No. 49 Studies on tensile deformation behavior of extruded Mg97Y2Zn1 alloys by in-situ neutron diffraction and acoustic emission measurement

**Wanlalak Sanphiboon**

Poster No. 58 Microstructural Observation of Al-Zn-Mg Alloys ( $\text{Zn/Mg} = 0.40 \text{ \& 2.5}$ )

**Minsik Oh**

Poster No. 71 Deformation Behavior of Crystalline Alumina under Electron-Beam Irradiation

**Hiroki Harako**

Poster No. 84 Effect of aging treatment on precipitation behavior in a nitrogen-added austenitic stainless
